

Module Specification

Module Summary Information

1	Module Title	International Broadcast Journalism
2	Module Credits	20
3	Module Level	7
4	Module Code	MED7367

5	Module Overview
<p>Students will acquire and develop through application the practical and intellectual skills needed to produce news items for a range of platforms as a multi-tasking broadcast journalist in a dynamic media environment. You will develop your understanding of what constitutes news, how it's sourced, verified and written, and while engaging with the social and cultural contexts of the UK newsroom environment. Throughout this module debates about news values and news stories make best use of the international experience of the student cohort.</p>	

6	Indicative Content
<ul style="list-style-type: none"> • Group lectures, workshops and activities including news days. • Individual student journalism tasks. • Group sessions debating critical areas of journalism. 	

7	Module Learning Outcomes
On successful completion of the module, students will be able to:	
	1 Initiate and develop contemporary approaches to identifying, telling and distributing stories in demonstration of the competences required of broadcast journalists in the UK.
	2 Experiment with, appraise and demonstrate good practice relating to broadcast news technologies and their strategic applications for different audiences.

8	Module Assessment
